

# Supply Chain Sustainability Workshop

Global Compact  
Nordic Network,  
BSR, Dansk Industri,  
& Maersk Group

**When: May 17th 2016, 10-16**

Where: Auditorium 1  
Esplanaden 50, 2100  
Copenhagen

**Global Compact Nordic Network, BSR, DI, and Maersk Group are pleased to invite suppliers to a workshop about CSR capability building in supply chain.**

## The aim of the workshop:

1. Discuss capacity building of suppliers to manage key issues and drive collection in supply chain, focusing on areas for industry improvement.
2. Integrate best practices for responsible practices throughout the supply chain, raising the overall standards for the industries the Maersk group is involved in.

## Who should attend?

The workshop is aimed at procurement managers, sustainability teams and persons involved in responsible sourcing and supply chains.

## Agenda

3. Why Supply Chain Sustainability?
4. What lessons can we learn from leading companies in various industries?
5. What are the challenges in supplier capability building?
6. What are the solutions that will have the largest impact and how can we apply them?
7. How to ensure the solutions are sustainable over time and efforts are harmonized?

**Presenters of the workshop** include Business for Social Responsibility (BSR), Dansk Industri, Maersk Group, Tetrapak, and selected suppliers.
