

**DRAFT – NOT FOR CIRCULATION**

12 January 2017

Dear [prefix] [last name],

The UN Global Compact is **mobilizing a global movement of sustainable companies and stakeholders to create the world we want**. We must work urgently together to turn the global aspirations of the Sustainable Development Goals and the Paris Climate Agreement into reality.

**Help us make this possible with your company's 2017 annual contribution today.**

Did you know, the UN Global Compact depends entirely on voluntary contributions from Governments and committed companies like yours? This funding helps to drive principled leadership, deliver practical tools, and unlock opportunities for action and partnerships.

In fact, the single most important source of funding for the UN Global Compact, by far, is from business participant contributions. Our efforts to help responsible business usher in an era of peace and prosperity on a healthy planet are made possible largely because of financial support from business participants like you.

A contribution from you will set a shining example to other key stakeholders – whether government, the UN, or fellow businesses – to continue their support of corporate sustainability both financially and strategically. You can have a powerful impact.

Every contribution counts and the time is now,

Sir Mark Moody-Stuart  
Board Chair  
Foundation for the Global Compact

Lise Kingo  
Executive Director  
UN Global Compact

**Stand for the world we want**

Please find enclosed your invoice for 2017 – payable to the Foundation for the Global Compact. Your contribution will be recognized on your UN Global Compact public profile. As a contributor you may request permission to use the UN Global Compact “We Support” logo – a valuable way to showcase your engagement.

**Your local connection**

Our 80+ Local Networks advance corporate sustainability by providing guidance, partnerships and action on the SDGs at the country level. **We encourage you to make a financial contribution to the Network where your company is engaged.**
