

# ICC Make Climate Everyone's Business Forum

**COP30 – Corporate Partnerships**

This is your organization's exclusive invitation to gain COP30 profile in partnership with ICC.

Policymakers have it in their hands to provide clarity on **structural changes, regulatory frameworks** and **financial incentives** that businesses need in order to deploy the billions – even trillions in capital expenditure required to **keep the global temperature increase to below 1.5°C** and to **achieve net-zero emissions by 2050**.

The ICC **Make Climate Action Everyone's Business Forum** – a hybrid event broadcasted from the **COP30 Blue Zone** from 10 November to 21 November 2025 – will bring together a diverse network of participants from the public and private sectors to align their climate ambitions and actions for the next decade.

## Format

This two-week long program will focus on critical issues to consider when developing the necessary regulatory frameworks and incentives needed to enable rapid decarbonization of the global economy and local communities.

Discussion themes include **adaptation finance, renewable energy, carbon pricing, agriculture and food system security** and **just transition**.

## Where can I engage with ICC at COP30?

As in previous years, ICC will host dedicated spaces in the **COP30 Blue Zone**, including the **Trade House** which is co-hosted with the **World Trade Organization**, the **International Trade Centre** and **UN Trade** (UNCTAD).

For the first time, sponsors will have the opportunity to step aboard an **ICC ship** docked in Belém for networking engagements and private events.

# Sponsorship Packages

## **Gold – 250,000 USD**

- 1 exclusively sponsored evening reception on the ICC ship
- 1 on-site programming opportunity developed with ICC

## Are you looking for something different?

The ICC Team welcomes discussions on innovative sponsorship arrangements, including those with in-kind support provided, such as inclusion in swag bags distributed to guests of the ICC ship.

**Please contact us directly to start a dialogue about what opportunities are possible.**

## ICC Network and Reach

As the institutional representative of 45 million businesses worldwide, ICC's network of National Committees, Chambers of Commerce and affiliate groups reaches businesses in every sector, ranging from multinational corporations to SMEs.

# Your Contribution Supports

- Thought leadership and partnership building at key intergovernmental fora and with major institutions on environment, climate and energy related issues and other interconnected priority areas;
- The enhancement of ICC's official Focal Point Role as the leading voice and convener of business at the UN Framework Convention on Climate Change (UNFCCC) – enabling increased engagement of the private sector in the UNFCCC and COP processes and the UNFCCC Race to Zero Campaign;
- Consensus building among private sector entities in identifying the policy reforms needed to drive progress toward full implementation of the Sustainable Development Goals and the Paris Climate Agreement;
- Engagement with governments to co-create practical incentive and reporting structures as well as support the development of coherent climate policies which enable businesses to reduce the environmental impact of their company and its supply chain and contribute to countries' climate mitigation and adaption efforts;
- The development and scaling of practical tools and pilot programs which support small businesses in aligning their operations with the goals of the Paris Agreement; and
- ICC's efforts to rally the private sector – through a series of events and media outreach – behind global and regional initiatives to achieve net zero emissions by 2050.

# Past Engagement

ICC has facilitated more than 500 physical and hybrid engagements at UN Climate Change Conferences since hosting our first pavilion at COP27. We've worked with major brands, financial institutions, UN agencies, governments and UN agencies to deliver exceptional experiences for our sponsors.

# Don't just take it from us...

congratulations and thanks to Sandra, Rae, Sophie, Maria Clara, Sabrina, John, Andrew and the rest of the extraordinary ICC team that always excels in their work during the whole year and shines particularly in every detail of the activities led at the COPs... from the Bingo Briefings to the statements and considerations with the members requests that each one of us makes.... I believe there is a chance of keeping things within the Paris Accord trajectory because of the leadership and dedication ICC is showing... humanity needs the private sector to work like this.... save travels back home to everyone.... 7:07 AM

Cryosphere pavilion. (From ICC Pavilion go one building back towards the entrance and turn right)

Greetings from ASSOCHAM  
Today, is my last day at COP27  
I wanted to reach out to the amazing team and colleagues in ICC and the BINGO group respectively for their wonderful work on holding valuable sessions, updates, briefing, the receptions, and information flow despite all constraints. One of the best Pavilion and group ❤️ of COP27.

I haven't seen the final summary. Did you send it via email? (Great work during the whole of COP again @Sophie Talarico !)

6:37 AM

# Don't just take it from us...

I Wish add my own voice for the to ICC team for wonderful jobs well done. We left Sharman el Sheikh yesterday and following development frm the platform. Thanks you Sophie and your colleagues.

6:03 AM

Today is my last day at COP. many thanks to all and especially ICC team for all the coordination work.

Sabrina - I believe there is overwhelming appreciation and thanks to the excellent work done by you, Sandra and everyone at the ICC and this year was truly outstanding!

Thank you for this remarkable support and pavilion at this Cop, Sandra, Sophie, all' 🙌 ✨
